To access STAT!Ref, go to the Health Sciences Library website:

http://www.library.mun.ca/hsl/

In the computer lab or BN students from home,

Make the following selections to get to STAT!Ref

1. Click on HSL Databases listed under Research Tools

![Welcome to the Health Sciences Library](image)

2. Then click on STAT!Ref from the E-book Packages list on the right side of the screen.

BN students will need their MUN login ID (my.mun account) to access STAT!Ref from home. You no longer need a library PIN. You now use your MUN login ID (my.mun account) to access library resources. Here’s a hint: it’s usually what you use to login to D2L. If you are unsure, go to the my.mun (MUN login) page and click on "Having Problems”. You can than choose either “Forgot my MUN Login ID” and/or “Forgot my password”.

Everyone can access STAT!Ref from the computer lab.

You may be asked to accept the terms, select accept terms.

You can search STAT!Ref several different ways. You can enter your search terms in the search box (see #1 arrow) and search all of the books or you can select certain books to search. For example, you can just search nursing books by selecting nursing from the Search by Discipline dropbox (see solid arrow).
The books with check marks next to them are nursing books.

**Advanced Search Settings**

**Reset All Settings Below**

Filter by taxtype:
- Headings
- Documents
- Tables
- References
- Images
- Videos

- Include Suffixes: e.g. infection will search for “infect” OR “infection” OR “infections”, etc.
- Include Related Terms: e.g. cancer will search for “cancer” OR “malignant neoplasm” OR “malignant tumor”, etc.

**Nursing**

**Select All**  **Deselect All**

- AHFS Drug Information® (2017)
- DrugPoints® System

- Merck Manual Professional Version
- Pediatric Injectable Drugs (The Teddy Bear Book) - 10th Ed. (2013)

You can also just view a particular book. Put your cursor on the book you would like. Then a menu box will appear. At the bottom on the box click on View This Title. You can then read the book online.

**SAFETY FIRST!**

Davis's Drug Guide for Nurses®, Thirteenth Edition delivers all of the information you need to administer medications safely across the lifespan—well-organized monographs for hundreds of generic and thousands of trade-name drugs.
To Access STAT!Ref through NLHKIN [PN students and any Eastern Health employee]

Click on NLHKIN located at http://www.library.mun.ca/hsl/

NLHKIN is listed under HSL Resources. Click on NLHKIN and then click search databases. Click on STAT!Ref which is the last one on the list of databases.

Then click on Advance Search Page [see arrow on picture below]

This will bring you to the same screen as if you accessed STAT!Ref directly from the Health Science Library site. Then you can follow the same instructions listed previously.

**APP**

STAT!Ref has an app for your phone so that you can access their resources anywhere. To set up your app, click on Home [located in the upper left corner].

You will need to create an account by clicking on My STAT!Ref. Then just follow the instructions under STAT!Ref Mobile Apps [see picture on the next page of these instructions].
